## CITY OF TROY DEDICATED TO QUALITY SERVICE

Troy City government strives to create the best possible environment in which to live, work, raise a family and operate a business. Municipal government exists solely for that purpose. Some of our citizens are not familiar with all of our services. This directory is designed to raise awareness and help residents take advantage of those services.

This section contains a detailed list of City services with corresponding phone numbers. You will also find the names and phone numbers of your Troy elected representatives, appointed City officials, Troy's main facilities and recreation centers, and frequently requested numbers for other local community organizations and services.

For questions and problems that extend beyond the jurisdiction of the City, this directory includes names, addresses and phone numbers of your Federal, State and County government representatives. On the remaining pages, you will find other helpful facts and information about your City.

We hope you will find this directory useful and we welcome your questions and suggestions. If you feel that a response to a request you have made is unsatisfactory, please contact the appropriate Department Administrator (please find listing on page 16 of this directory) or contact the Community Affairs Department at 248.524.1147. Thank you very much for your support as we strive to maintain a high level of service for our residents.

## FORM OF GOVERNMENT

The City of Troy operates under the Council-Manager form of government. Voters elect six members of Council and the Mayor for terms of four years. An elected member of the City Council shall not serve more than three terms as Councilperson. The Mayor shall not serve more than two terms as Mayor. Any service greater than two years plus one month shall constitute a term. ## WEEKLY TRASH COLLECTION

- Routes begin at 7 am Monday - Thursday and run until complete.
- Place trash on the curb 5 pm or later the preceding day, no later than 7 am on pickup days, and remove cans no later than 10 hours after pickup.
- Collections are not made on the following legal holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. When a holiday occurs on a weekday, pickup for the remaining days will be one day late (check website calendar for refuse delay days).
- Collection guidelines are the same for apartments and condominiums. No loose materials should be placed in dumpsters.
- The combined weight of container and its contents must not exceed 60 lbs.
- Trash cans should be 10 - 35 gallons (the exception is the 90-gallon Polycart can that may be purchased from Tringali Sanitation – 248.585.9120).
- Cans must have lids and handles.
- Place trash in sturdy tied plastic bags.
- Pack trash safely for handling, especially sharp items.
- Nonconforming items such as cardboard boxes, buckets, bushel baskets, etc. will be considered rubbish and disposed of along with their contents.
- Place trash on one side of the driveway and compost and recycling on the other side.
- Large items up to 250 lbs. like furniture and appliances, will be collected except for excessive amounts due to moving, flooding, or fire. Remove refrigerator/freezer doors.
- If a collectable large item does not fit on the truck, it will be picked up within 48 hours. No phone call is required for this service.
- Carpet must be cut, rolled, and tied into 3 ft. sections, not exceeding 60 lbs.

## YARD WASTE

Yard waste, including grass clippings and leaves (plus wood chips, chipped Christmas trees, small pencil-thin twigs, garden vegetables, old potting soil, Halloween pumpkins, shredded bark, sod, weeds, old flowers, prunings, straw bales, play sand, old mulch, corn husks, and topsoil), but NOT branches, are picked up weekly on regular trash days from the first Monday in April to the third Thursday in December. Yard waste must be packed according to one of the two following options:

- Option 1 – Label a regular garbage can (up to 35 gal. capacity) with a “Yard Waste” decal (available at City Hall or by calling 258.524.3399).

- Option 2 – Brown Paper bags designated for yard waste (available at grocery and hardware stores.)
- Do not mix sticks or brush with your “soft” yard clippings (soft yard clippings are grass and leaves).
- Residents are encouraged to leave grass clippings and leaves on their lawns.
- On collection days place your “Yard Waste” labeled can and recycling bin on the opposite side of the driveway from your regular trash.
- Branches must be less than 2” in diameter, tied with heavy twine in bundles, and cut to less than 3 ft. in length and must weigh less than 60 lbs. Put out no more than five bundles each week.

## WEEKLY CURBSIDE RECYCLING PICKUP

Troy residents should put recyclables out every week at the curb in a City Recycling Bin for pickup on their trash day. Bins are available for \$10 from the Community Affairs Department in City Hall, 500 W. Big Beaver Road.

## WHAT GOES IN THE BIN?

### Paper products

- Place all paper: newspapers, inserts, catalogs, junk mail, envelopes, computer paper, magazines, paperback books, telephone books, paper grocery bags, all paperboard boxes (cereal, pizza, shoe, etc.) in paper or plastic grocery bags.
- Place shredded paper in tied, see-through plastic bags.
- All cardboard – fold, flatten, or cut into 2' x 2' x 1' bundles and place inside, next to, or under the recycle bin.
- No hardcover books. Those can be donated to the Troy Public Library.

### Plastic, glass and metal containers

- All clean glass bottles (clear, brown, blue and green) are accepted.
- All plastic containers are accepted. Clean and remove the lids on all plastic containers.
- Metal cans, metal lids, pie tins, small scrap metal objects, metal clothes hangers, pots & pans, small metal appliances, silverware, pipes, and other metal objects. Clean and place loose in bin.
- Empty metal paint cans and metal aerosol cans with lids removed.
- Milk and juice cartons, drink boxes.

### Household batteries

- Place household batteries in a clear plastic bag. (No automotive batteries.)

### WE NEED TROY RESIDENTS TO RECYCLE.

Avoiding disposal fees is one of the primary goals of any recycling program. The more materials are reduced, reused and recycled, the less waste is disposed. The less waste disposed, the fewer trash pickups are required, and there are lower disposal fees. Any way to decrease waste handling costs will add to the success of the program.

### RECYCLING BENEFITS ALL TROY RESIDENTS.

SOCRRA credits the City of Troy \$55 per ton for all recycled items picked up at the curb. So instead of paying full disposal costs, our disposal bill is reduced. The City of Troy had more than \$131,250 deducted from our bill of \$1 million to SOCRRA for 2008. Of this amount, more than \$105,300 was for all the types of paper accepted: newspapers, magazines, catalogs, junk mail, construction paper, envelopes, loose leaf paper, computer paper, office and school papers, etc.

### RECYCLING BENEFITS THE ENVIRONMENT.

Recycling not only saves energy, but also our natural resources. Did you know that recycling aluminum takes only 5 percent of the amount of energy that it takes to produce one can out of new materials? Or that loggers cut down two million trees every day, yet Americans throw away about 42 million newspapers every day. Recycling takes far less energy from electricity, gas or coal, and uses significantly fewer natural resources to make recycled products than it does to make new products.

### OTHER SERVICES

Hazardous household materials are accepted at the Troy SOCRRA facility, 995 Coolidge, by appointment only at 248.288.5153. These materials include paints, garden chemicals, automotive products, batteries, household cleaners, solvents, insulin syringes, electronics (TVs, radios, phones, computers).

Residents may also drop off automotive batteries, plastic bags, DVD, CD, VHS, Floppy Disks and Cassette Tapes.

Free Paper Shredding Available—bring in your personal documents and shred them yourself.

Troy residents may use the drop-off recycling facilities at SOCRRA, 995 Coolidge, 258.288.5153 and Tringali, 33373 Dequindre, 248.585.9120.
